

PRODUCT DATA SHEET

Product Name: SD Slider CardReader / Hub

Product No.: 13152SLI

13152SLI

Brief description:	
	The SD Slider Combi is designed for portability. The top slides back to reveal a storage area for your card when not in use. The Slider model has a built in 4 port USB hub to turn one USB port into 4. The print area glows blue when plugged in, backlighting your logo with stunning effect. Simply plug directly into your USB port, insert the card and read and write data to the card like any other drive on your computer.
